## Important

- o This investment-linked assurance scheme ("ILAS policy") is a long-term investment-cum-life insurance product.  
It is only suitable for investors who:
  - understand that the principal will be at risk
  - are prepared to hold the investment for a long-term period
  - have both investment and estate planning objectives as it is a packaged product that includes both investment and insurance element with death benefits payable to third party beneficiaries.
- o This ILAS policy is **not** suitable for investors with short- or medium-term liquidity needs.
- o **Fees and charges –**  
Up to 8.3% of your premiums after taking into account all applicable bonuses will be paid to FWD Life Insurance Company (Bermuda) Limited (herein after called the "Company") to cover all the fees and charges at the ILAS policy level, of which the cost of life protection is 0.3%, and this will reduce the amount available for investment.

Please note that the above figures are calculated based on the following assumptions: (a) the life insured is non-smoking 40 year-old male (b) the payment of regular premium of HKD100,000 per annum which is paid in full for the whole Premium Term of 20 years; (c) you hold your ILAS policy for 20 years; (d) an assumed rate of return of 3% per annum throughout 20 years; (e) any optional supplementary benefits are not included; and (f) there is no early withdrawal / termination of your ILAS policy.

You must understand that these ILAS level charges are on top of, and in addition to, the underlying funds level charges. The above figures do not take into account any early surrender charge.

**The above percentages of your premiums for covering the total fees and charges are calculated based on the assumptions above for illustration purposes. The actual percentages may change depending on individual circumstances of each case, and will be significantly higher if the premium amount is lower and/or your selected underlying investments are making losses.**

- o **Long-term features –**  
Early surrender charge (Surrender charge):  
(a) There will be an early surrender charge of up to 85% of the Account Value of the Initial Contribution Account in case of surrender within the Surrender Charge Period. You may also lose your entitlement to the contribution bonus and loyalty bonus.

### Bonuses

- (b) Contribution bonus:

While the ILAS policy is in force, a contribution bonus may be payable to you every 5 years from the policy inception date until the end of the Premium Term. You will be entitled to a contribution bonus of up to 9% of the average monthly Account Value of the Accumulation Contribution Account over the immediately preceding 60 months prior to the allocation of the contribution bonus. Prior to the allocation of the contribution bonus, any premium holiday taken, partial withdrawal or reduction in Regular Premium will result in adjustment to your contribution bonus.

## Important

### o Long-term features – (Cont.)

#### (c) Loyalty bonus:

While the ILAS policy is in force and for Premium Term of 10 years or longer a loyalty bonus may be payable to you at the end of the Premium Term. The loyalty bonus is payable once only and is equal to 100% of the total policy fee deducted throughout the whole Premium Term.

### o Intermediaries' remuneration

Although you may pay nothing directly to the intermediary who sells/distributes this ILAS policy to you, your intermediary will receive remuneration which, in effect, will be borne out of the charges you pay. Your intermediary should disclose to you in writing at the point-of-sale information about intermediary remuneration. The amount of remuneration actually receivable by your intermediary may vary from year to year and may be higher in the early policy years. You should ask your intermediary before taking up your ILAS policy to know more about the remuneration that your intermediary will receive in respect of your ILAS policy. If you ask, your

## What is this product and how does it work?

- o This product is an investment-linked assurance scheme. It is a life insurance policy issued by the Company. This is not a fund authorised by the SFC pursuant to the Code on Unit Trusts and Mutual Funds ("UT Code").
- o The premiums you pay, after deduction of any applicable fees and charges of your ILAS policy, will be invested by the Company in the "underlying funds" you selected (see below) and will accordingly go towards accretion of the value of your ILAS policy. Your ILAS policy value will be calculated by the Company based on the performance of your selected underlying funds from time to time and the ongoing fees and charges which will continue to be deducted from your ILAS policy value.
- o Note, however, that all premiums you pay towards your ILAS policy, and any investments made by the Company in the underlying funds you selected, will become and remain the assets of the Company. You do not have any rights or ownership over any of those assets. Your recourse is against the Company only.
- o Due to the various fees and charges levied by the Company on your ILAS policy, the return on your ILAS policy as a whole may be lower than the return of the underlying funds you selected. Please see pages 6 to 8 of this statement for details of the fees and charges payable by you.
- o "Underlying funds" available for selection are the funds listed in the investment choices brochure. These may include funds authorised by the SFC pursuant to the UT Code, but may also include other portfolios internally managed by the Company on a discretionary basis not authorised by the SFC under the UT code.
- o Although your ILAS policy is a life insurance policy, because your death benefit is linked to the performance of the underlying funds you selected from time to time, your death benefit is subject to investment risks and market fluctuations. The death benefit payable may be significantly less than your premiums paid and may not be sufficient for your individual needs.
- o More importantly, you should be aware of the following regarding your death benefit and the cost of insurance ("insurance charges"):
  - Part of the fees and charges you pay that will be deducted from the value of your ILAS policy will be used to cover the insurance charges for the life coverage and any additional coverage you may choose.
  - The insurance charges will reduce the amount that may be applied towards investment in the underlying funds selected.
  - The insurance charges may increase significantly during the term of your ILAS policy due to factors such as age and investment losses, etc. This may result in significant or even total loss of your premiums paid.
  - If the value of your ILAS policy becomes insufficient to cover all the ongoing fees and charges, including the insurance charges, your ILAS policy may be terminated early and you could lose all your premiums paid and benefits.
  - You should consult your intermediary for details, such as how the charges may increase and could impact the value of your ILAS policy.

## What are the key risks?

**Investment involves risks. Please refer to the principal brochure for details including the risk factors.**

- o **Credit and insolvency risks** - This product is an insurance policy issued by the Company. Your investments are subject to the credit risks of the Company.
- o The investment choices available under this product can have very different features and risk profiles. Some may be of high risk. Please read the principal brochure and the offering document of the underlying funds involved for details.
- o **Early surrender/withdrawal penalty** - This ILAS policy is designed to be held for a long term period. Early surrender or withdrawal of the ILAS policy/suspension of or reduction in premium may result in a significant loss of principal and bonuses awarded. Poor performance of underlying funds/assets may further magnify your investment losses, while all charges are still deductible.
- o **Premium Holiday** - With no premium contribution during premium holiday, the value of this ILAS policy may be significantly reduced due to fees and charges, which are still deductible during premium holiday, and your entitlement to bonuses may also be affected. If you take a premium holiday (i.e. the Regular Premium is not paid) for a continuous period of 3 years, we reserve the right to deem your ILAS policy surrendered. On surrender of your ILAS policy, the Account Value after deducting the outstanding fees and charges (if any) including surrender charge will be paid to you.

Please see pages 6 to 8 of this statement for details of the fees and charges.

- o **Market risks** - Return of this ILAS policy is contingent upon the performance of the underlying funds and therefore there is a risk of capital loss.
- o **Foreign exchange risks** - The investment returns of your ILAS policy may be subject to foreign exchange risks as some of the underlying funds may be denominated in a currency which is different from that of your ILAS policy.
- o **Early termination risks** - FWD may effect termination of your ILAS Policy as a result of, or purporting to be in respect of U.S. Foreign Account Tax Compliance Act and/or other applicable laws and regulations relating to tax reporting and withholding.

## Is there any guarantee?

- o This product does not have any guarantee of repayment of principal. You may not get back the full amount of premium you paid and may suffer investment losses.

#### o Instant bonus

- Upon policy inception, instant bonus may be payable in one lump sum or you can choose to receive your instant bonus in 12 equal monthly installments during the first policy year.

Please refer to the "How Can I Get Access To My Policy Values?" section in the product brochure of **Altitude II** for details.

## What are the fees and charges?

**上述所列所有費用及收費佔供款總額的百分比乃基於以上假設所計算，僅作說明用途。視乎每宗個案的個別情況，實際百分比可能會有所變動；如果供款額較低及/或閣下所選擇的相關投資失利，有關百分比可能遠高於上述數字。**

- **有關此投資壽險保單的長期特點 -**

**提早退保款項的收費 (退保費用)：**

### ○ 有關此投資壽險保單的長期特點 – (續)

#### c) 長期獎賞：

當投資壽險保單生效及供款年期為10年或以上，閣下於供款年期完結時將可能分派長期獎賞。長期獎賞為一次性支付之獎賞，獎賞金額為整個供款年期內扣除之保單費用總和的100%。

### ○ 中介人的酬勞

雖然閣下可能沒有直接向銷售／推介此投資壽險保單的中介人支付任何款項，但中介人會收取酬勞，而該酬勞實際上是來自閣下所繳付的收費。中介人應在銷售時以書面向閣下披露有關中介人酬勞的資料。中介人實際收取的酬勞可能每年都不一樣，而且可能於保單初期收取較高金額的酬勞。請於投保前向中介人查詢以進一步了解中介人就此投資壽險保單所收取的酬勞。若閣下作出查詢，中介人應向閣下披露所要求的資料。

## 這是甚麼產品？如何運作？

- 本產品是與投資有關的人壽保險計劃（投資壽險保單），壽險保單由本公司發出，並非由證券及期貨事務監察委員會（證監會）依據《單位信託及互惠基金守則》（《單位信託守則》）認可的基金。
- 閣下就投資壽險保單支付的供款，經扣除任何適用費用及收費後，會由本公司投資於閣下選取的“相關基金”（見以下說明），從而用作增加投資壽險保單的價值。本公司會根據閣下所選相關基金不時的表現，以及持續從保單價值扣除的費用及收費，來計算保單價值。
- 但請注意，閣下就投資壽險保單支付的所有供款，以及本公司對閣下所選相關基金的任何投資，均會成為及一直屬於本公司的資產。閣下對任何該等資產均沒有任何權利或擁有權。如追討賠償，閣下只可向本公司追索。
- 由於本公司會就投資壽險保單徵收各項費用及收費，投資壽險保單的整體回報或會低於閣下所選相關基金的回報。有關閣下須支付的費用及收費的詳情，請參閱本概要第6頁至第8頁。
- 可供選取的“相關基金”為投資選擇刊物內所列明的基金，可能包括由證監會依據《單位信託守則》認可的基金，也可能包括由本公司酌情內部管理但未經證監會依據《單位信託守則》認可的其他投資組合。
- 雖然投資壽險保單屬人壽保險計劃，但由於部分身故權益與閣下所選相關基金不時的表現掛鉤，因此身故權益會受投資風險及市場波動所影響。最終獲得的身故權益額或會遠低於閣下已付的供款，並可能不足以應付閣下的個別需要。
- 更重要的是，閣下應留意以下有關身故賠償及保險費用（保險收費）的事宜：
  - 保險公司會從投資壽險保單的價值扣除閣下支付的部分費用及收費，以抵銷閣下所選擇的人壽保障及任何額外保障的保險收費。
  - 扣除保險收費後，可用作投資於所選相關基金的金額會因而減少。
  - 基於年齡及投資虧損等因素，保險收費或會在投資壽險保單的保單期內大幅增加，結果閣下可能會損失大部分甚至全部供款。
  - 如投資壽險保單的價值不足以抵銷所有持續費用及收費（包括保險收費），投資壽險保單可能會被提早終止，而閣下可能會失去全部供款及利益。
  - 閣下應向中介人查詢有關詳情，例如相關收費在甚麼情況下會有所增加，以及對投資壽險保單的價值有何影響。

## 本產品有哪些主要風險？

投資涉及風險。請參閱主要銷售刊物，了解風險因素等資料。

- **信貸風險及無力償債風險** – 本產品是由本公司發出的保單，因此閣下的投資受本公司的信貸風險所影響。本產品所提供的投資選擇在產品特點或風險方面或會有很大的差異，部分選擇可能涉及高風險。請參閱主要銷售刊物及相關基金的銷售文件了解詳情。
- **提早退保或提取款項的費用** – 本投資壽險保單是為長線投資而設，閣下若提早退保或提取款項／暫停繳交或調低供款，或會損失大筆本金及獎賞。如相關基金／資產表現欠佳，或會進一步擴大投資虧損，而一切收費仍可被扣除。
- **供款假期** – 雖然閣下在供款假期內無須供款，但仍須繳付各項費用及收費。有關費用將直接從閣下的戶口扣除，保單價值或會因而大幅減少，而閣下收取獎賞的權利亦可能會受到影響。若閣下連續三年未繳付定期保費，本公司保留視閣下之投資壽險保單為已退保的權利。於閣下的投資壽險保單退保後，閣下將獲退還已扣除任何未清繳之費用及收費（包括退保費用）後的戶口價值。  
有關費用及收費的詳情，請參閱本概要第6頁至第8頁。
- **市場風險** – 本投資壽險保單的回報取決於相關基金或資產的表現，閣下的投資本金可能會出現虧蝕。
- **匯率風險** – 由於部分相關基金與閣下的投資壽險保單或以不同的貨幣計值，因此保單的投資回報可能涉及匯率風險。
- **提早終止風險** – 富衛可因或擬就美國外國帳戶稅務合規法及／或其他有關報稅及預扣稅的適用法規，而終止閣下的投資壽險保單。

## 本產品有否提供保證？

Taking *advantage* of the benefits  
and features of your *Altitude II* policy

### Your Altitude II policy

**Altitude II** is both a life insurance policy and a means of investment. Keep reading and you will find more details about how **Altitude II** can cater to your insurance and financial needs.

Altitude II is a Regular Premium investment linked insurance policy under "Class C linked long-term business" as defined in Part 2 of Schedule 1 of the Insurance Companies Ordinance. Altitude II is offered by FWD Life Insurance Company (Bermuda) Limited (incorporated in Bermuda with limited liability) (hereafter, "FWD", the "Company", "we", "us" or "our") as an authorised insurer in Hong Kong under the Insurance Companies Ordinance. Your investments are therefore subject to the credit risks of FWD.

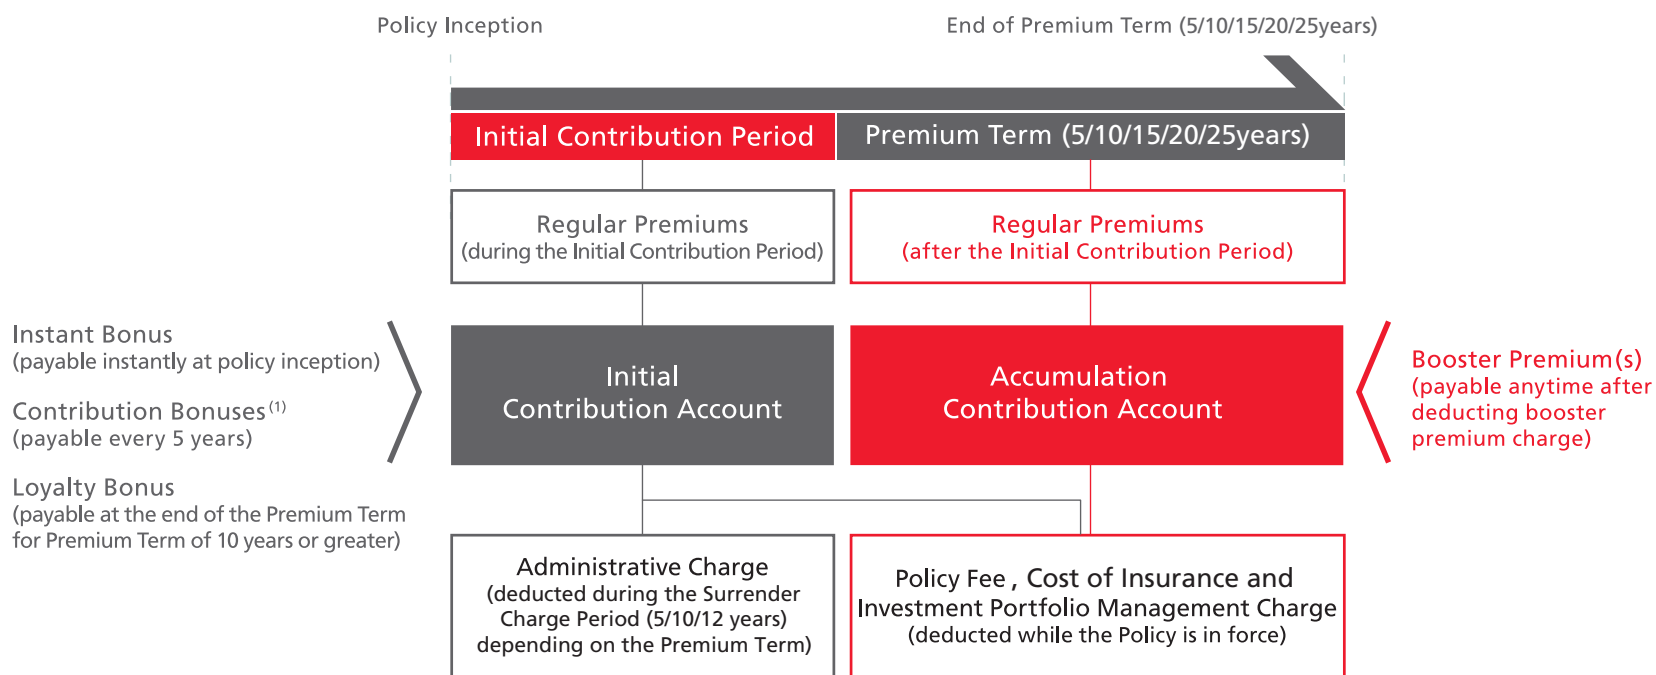

*How* does Altitude II Work?

*Altitude II is a Regular Premium insurance policy. To meet your personal needs, you can choose from a Premium Term ranging from 5, 10, 15, 20 or 25 years for making your Regular Premium payments. You can also choose between US Dollars or Hong Kong Dollars for the policy currency. Once these options are chosen at policy inception, they cannot be changed afterwards.*

*Upon your successful application of an Altitude II policy, a policy will be issued to you. From here onwards, the term "Policy" in this product brochure shall mean the Altitude II policy.*

### Dual Account Structure

(1) Any premium holiday taken, partial withdrawal or reduction in Regular Premiums will result in adjustment to the contribution bonuses entitlement. (Please refer to the subsection "Contribution bonus" for details on adjustment to the contribution bonuses.)

#### Notes:

- Bonuses are payable while the policy is still in force. Please refer to the "What Are My Bonuses?" section for details on the bonuses.
- Surrender charge may apply to the Initial Contribution Account in the event of surrender. Please refer to the "Summary of Charges" section for details on the fees and charges.

**Altitude II** has a dual account structure (Initial Contribution Account and Accumulation Contribution Account) to record all premiums paid over the Premium Term. As illustrated in the diagram above, Regular Premiums paid during the Initial Contribution Period will be recorded in the Initial Contribution Account, while Regular Premiums paid after the Initial Contribution Period will be recorded in the Accumulation Contribution Account. At any time, **Altitude II** allows you to top up with a Booster Premium into your Policy that

will be recorded in the Accumulation Contribution Account after the respective booster premium charge.

Your premiums will be credited to the Initial Contribution Account and/or the Accumulation Contribution Account of your Policy by allocating notional units according to your respective designated investment choices. Please refer to the investment choices brochure for details on the investment choices.

### *Initial Contribution Period*

The Initial Contribution Period ranges from 18 months to 36 months depending on the Premium Term you selected for your Policy.

Premium Term	5 years	10 years	15 years	20 & 25 years
Initial Contribution Period	18 months	24 months	30 months	36 months

During the Initial Contribution Period, if the Regular Premium is unpaid within a grace period of 30 days after the premium due date, your Policy will be terminated. After deducting the surrender charge from the surrender amount, the net surrender value, if any, will be paid to you. Please refer to the "Summary of Charges" section for details on the surrender charge.

### *Regular Premiums*

To start your **Altitude II** policy, you can pay Regular Premiums monthly, semi-annually or annually from US\$125/HK\$1,000 per month.

Premium Mode	Minimum Regular Premium Requirement
Monthly	US\$125/HK\$1,000
Semi-annually	US\$750/HK\$6,000
Annually	US\$1,500/HK\$12,000

The entire Regular Premium payment will be credited to your Policy by allocating notional units in proportion to your latest designated investment choices at the time.

### *Booster Premiums*

As time goes by, you may want to top up your Policy at any time in response to the changing market environment. To provide you with this flexibility while the insured and policyholder are age 75 or younger, **Altitude II** allows you to pay Booster Premium at any time. The minimum Booster Premium you can pay on each occasion is US\$1,500/HK\$12,000.

**A booster premium charge will be applied to each Booster Premium payment.** The Booster Premium after the booster premium charge will be credited to your Accumulation Contribution Account by allocating notional units in proportion to your designated investment choices. Please refer to the "Summary of Charges" section for details on the booster premium charge.

### *Premium Adjustment*

Your personal financial situation may change from time to time. **Altitude II** anticipates this by allowing you to adjust the amount of your Regular Premium subject to terms and conditions as described below. **To increase your Regular Premium to a level above the initial amount committed on the policy commencement date is not allowed.**

### *Decrease in Regular Premiums*

After the Initial Contribution Period, you may apply for reduction of your Regular Premium, subject to meeting the minimum Regular Premium requirement as set out in the table under subsection "Regular Premiums". Currently, the minimum annualised Regular Premium amount per policy is US\$1,500/HK\$12,000. After reducing your Regular Premium, you may restore the Regular Premium to the initial amount subject to our approval.

### *Premium Holiday*

After the Initial Contribution Period, you may exercise the premium holiday option by temporarily suspending your Regular Premium. During premium holiday, all relevant fees and charges and premium of riders (if any) will continue to be deducted from your policy.

**If the Account Value of the Accumulation Contribution Account at any point in time is not sufficient for us to cover all the fees and charges and premium of riders (if any), you will have to resume paying your premiums as and when notified by us, failing which your Policy will be deemed surrendered when your Account Value of the Accumulation Contribution Account reaches zero. If the premium holiday is for a continuous period of three years, we reserve the right to deem your Policy surrendered. Upon the surrender of your Policy, the Account Value after deducting the outstanding fees and charges (if any) including surrender charge will be paid to you. Please refer to the "Summary of Charges" section for details on fees and charges.**

Altitude II is designed to be held for a long term period. Any premium holiday taken may result in significant loss to the Total Account Value of your Policy and the contribution bonuses awarded. Please refer to the "What Are My

**Any reduction in Regular Premiums may result in significant loss to the Total Account Value of your Policy and the contribution bonuses awarded. Please refer to the "What Are My Bonuses?" section for details. Please refer to the "Summary of Charges" and "How Can I Manage My Investment Choices?" sections for details.
- Premiums paid towards the Policy will become and remain our assets. You are not investing in the underlying funds and do not have any rights or ownership over any of those assets. Your recourse is against us only.

*We offer three distinctive bonuses at different stages of your investment journey to provide you with enhanced benefits, which are:*

- Instant bonus;*
- Contribution bonus; and*
- Loyalty bonus.*

*Bonuses will be allocated as additional notional units to your Initial Contribution Account according to your latest designated investment choices at the time of bonus allocation.*

### *Instant bonus*

You could have instant rewards as soon as your Policy starts with the instant bonus.

The instant bonus is payable to you in one lump sum at policy inception date. Alternatively, if you are worried about the market volatility, you may choose to receive the instant bonus in 12 equal monthly installments during the first policy year. The first monthly installment will be payable to you on policy inception date and the remaining installments will be payable to you on each of the Monthiversaries during the first policy year. Once the mode by which you will receive the instant bonus has been determined, it cannot be changed.

The instant bonus rates are shown as follows:

Total Annualised Regular Premium (USD)	Total Annualised Regular Premium (HKD)	Premium Term				
		5 years	10 years	15 years	20 years	25 years
		Instant Bonus Rate*

≥ 36,000	≥ 288,000	2.22%	5.50%	4.80%	4.40%	4.40%

\* The instant bonus rate is expressed as a percentage of the annualised Regular Premium and does not represent the rate of return or the performance of your investment choices.

$$\text{Instant bonus} = \frac{\text{Instant bonus rate (in \%)} \times \text{Premium Term (in years)}}{\times \text{annualised Regular Premium}}$$

The instant bonus rate is determined by the annualised Regular Premium amount, the Premium Term and the latest instant bonus rate table applicable at the time of bonus entitlement.

Your eligible instant bonus in the Policy will be allocated as additional notional units to the Initial Contribution Account of your Policy according to your latest designated investment choices at the time of bonus allocation.

Please refer to Illustrative example 1 for details.

### *Illustrative example 1 – Instant bonus*

Peter likes the idea of an investment linked insurance policy which is a long-term investment-cum-life insurance product.

He successfully applied for an **Altitude II** policy, opting for a Premium Term of 25 years and Hong Kong Dollars as the policy currency, with Regular Premium of HK\$10,000 payable monthly beginning on 1 Feb 2015.

The annualised Regular Premium payable as at 1 Feb 2015  
 = HK\$10,000 x 12  
 = HK\$120,000

Based on Premium Term of 25 years and annualised Regular Premium of HK\$120,000, the instant bonus rate is 3.00%.

Therefore, instant bonus as at 1 Feb 2015  
 = instant bonus rate x Premium Term x annualised Regular Premium  
 = 3.00% x 25 x (HK\$10,000 x 12)  
 = HK\$90,000

Alternatively, Peter could choose to receive the instant bonus in 12 equal monthly installments.  
 i.e. HK\$90,000/12 = HK\$7,500, received each month during the first policy year.

Peter opts to receive the instant bonus in one lump sum (i.e. HK\$90,000) on 1 Feb 2015. The bonus will be allocated as additional notional units to the Initial Contribution Account of the Policy according to Peter's latest designated investment choices at the time of bonus allocation.

The above example is hypothetical and for illustrative purposes only.

The instant bonus is subject to the regular fees and charges of the Initial Contribution Account. Please refer to the "Summary of Charges" section for details.

If you cancel the Policy within the cooling-off period, you may get back the premium you paid, or less if the value of the investment choices has gone down. You will not be entitled to any instant bonus.

## Contribution Bonus

We appreciate your dedication to pay premiums regularly. While the Policy remains in force, a contribution bonus will be given to you every five years from the policy inception date until the end of the Premium Term. The contribution bonus is determined as **a percentage of the average monthly Account Value of the Accumulation Contribution Account over the immediately preceding 60 months multiplied by the contribution bonus adjustment factor.**

$$\text{Contribution bonus} = \frac{\left( \text{Contribution bonus rate (in \%)} \times \text{Sum of monthly Account Value of the Accumulation Contribution Account over the immediately preceding 60 months} \right)}{60} \times \text{Contribution bonus adjustment factor}$$

The contribution bonus rate is determined by the Premium Term of your Policy and number of the policy years from the policy inception date. The contribution bonus rates are shown in the contribution bonus rate table below:

End of Policy Year	Premium Term				
	5 years	10 years	15 years	20 years	25 years
5			6%		
10	N/A		6%		
15		N/A		9%	
20			N/A		9%
25				N/A	9%

The contribution bonus will be allocated as additional notional units to your Initial Contribution Account according to your latest designated investment choices at the time of bonus allocation. The contribution bonus will be allocated no later than 30 days following every fifth policy year. The contribution bonus is subject to the regular fees and charges of the Initial Contribution Account. Please refer to the "Summary of Charges" section for details.

**Prior to determining the contribution bonus, any premium holiday taken, partial withdrawal or reduction in Regular Premiums will result in a downward adjustment to your contribution bonus through the application of a contribution bonus adjustment factor.**

---

$$\text{Contribution bonus adjustment factor} = \frac{\left( \begin{array}{l} \text{total Regular Premium paid} \\ - \text{total partial withdrawal amount} \end{array} \right)}{\left( \begin{array}{l} \text{annualised Regular Premium on policy inception} \\ \times \text{no. of policy years since policy inception} \end{array} \right)}$$

---

**Note:**

If the total partial withdrawal amount made from your Policy equals or exceeds the total Regular Premium paid, it will cause your contribution bonus adjustment factor to reduce to zero and therefore the contribution bonus amount will be zero.

The Illustrative examples below are hypothetical and for illustrative purposes only and do not represent actual or anticipated returns.

***Illustrative example 2 – Contribution bonus without adjustment***

Continuing with Peter's case in Illustrative example 1

1. Peter has an Altitude II policy with Premium Term of 25 years and Hong Kong Dollars as the policy currency.
2. The Policy was issued on 1 Feb 2015 with Regular Premium of HK\$10,000 per month.
3. It is assumed all premiums have been paid in full and no partial withdrawal has been made.
4. Peter has made no premium reduction after 1 Feb 2015.
5. Instant bonus for the Policy has been paid in lump sum on the policy inception date.

The contribution bonus that Peter is entitled to receive on 1 Feb 2025, as determined based on his average monthly Account Values of the Accumulation Contribution Account over the immediately preceding 60 months and the relative contribution bonus rates are illustrated below:

Total (1-Feb-2020 to 31-Jan-2025):			HK\$33,711,876

Based on Premium Term of 25 years and it is at the end of the 10th policy year of the Policy, the contribution bonus rate for the contribution bonus of the Policy as at 1 Feb 2025 is 6%.

As the Regular Premiums are paid in full and partial withdrawal has not been made, there is no adjustment to the contribution bonus and the contribution bonus adjustment factor equals to 1.

Contribution bonus as at 1 Feb 2025

= Contribution bonus rate × Sum of monthly Account Value of the Accumulation Contribution Account over the immediately preceding 60 months ÷ 60 × Contribution bonus adjustment factor

= 6% × (HK\$33,711,876 ÷ 60) × 1

= HK\$33,712

Therefore, the contribution bonus that Peter is entitled to receive on 1 Feb 2025 is HK\$33,712. The entitled contribution bonus will be allocated as additional notional units to the Initial Contribution Account of the Policy according to Peter's latest designated investment choices at the time of bonus allocation.

### Illustrative example 3 – Contribution bonus with adjustment

Following Illustrative example 1,

1. Peter has a Policy with Premium Term of 25 year and Hong Kong Dollars as the policy currency.
2. The Policy was issued on 1 Feb 2015 with Regular Premium of HK\$10,000 per month.
3. It is assumed that Peter
  - a) Took a premium holiday (i.e. skipped paying the Regular Premiums) for 2 months on 1 Jun 2020 and 1 Apr 2022;
  - b) Reduced the Regular Premium to HK\$8,000 per month from 1 Feb 2023; and

- c) Made a partial withdrawal of HK\$20,000 on 1 Jan 2025.

Based on the above, contribution bonus adjustment factors will apply to the calculation of the contribution bonuses.

4. Instant bonuses for the Policy have been paid in lump sum on the policy inception dates.

The contribution bonus that Peter is entitled to receive on 1 Feb 2025, as determined based on the average monthly Account Values of the Accumulation Contribution Account over the immediately preceding 60 months are illustrated below:

Total (1-Feb-2020 to 31-Jan-2025):				HK\$32,158,770	

Based on Premium Term of 25 years and it is at the end of the 10th policy year of the Policy, the contribution bonus rate for the contribution bonus of the Policy as at 1 Feb 2025 is 6%.

Number of months with monthly Regular Premium of HK\$10,000 paid as at 1 Feb 2025 from the policy inception date of 1 Feb 2015 to 31 Jan 2023

$$= 8 \times 12 - 2$$

$$= 94$$

Number of months with monthly Regular Premium of HK\$8,000 paid as at 1 Feb 2025 from 1 Feb 2023 to 31 Jan 2025

$$= 2 \times 12$$

$$= 24$$

As the Regular Premiums are not paid in full and partial withdrawal has been made, contribution bonus adjustment factor applies to the contribution bonuses.

---

$$\text{Contribution bonus adjustment factor} = \frac{\left( \begin{array}{c} \text{total Regular Premium paid} \\ - \text{total partial withdrawal amount} \end{array} \right)}{\left( \begin{array}{c} \text{annualised Regular Premium on policy inception} \\ \times \text{no of policy years since policy inception} \end{array} \right)}$$

---

Contribution bonus as at 1 Feb 2025

---

$$\text{Contribution bonus adjustment factor as at 1 Feb 2025} = \frac{[\text{HK\$10,000} \times (94) + \text{HK\$8,000} \times (24) - \text{HK\$20,000}]}{\text{HK\$10,000} \times 12 \times 10}$$

$$= 92.67\%$$

---

Contribution bonus

= A percentage of the average monthly Account Value of the Accumulation Contribution Account attributed by the Regular Premium over the immediately preceding 60 months x contribution bonus adjustment factor as at 1 Feb 2025

= Contribution bonus rate x (Sum of the Account Value of the Accumulation Contribution Account as at the end of each policy month over the immediately preceding 60 months ÷ 60) x 92.67%

$$= 6\% \times (\text{HK\$32,158,770} \div 60) \times 92.67\%$$

$$= \text{HK\$29,802}$$

Therefore, the contribution bonus that Peter is entitled to receive on the Policy on 1 Feb 2025 is HK\$29,802. The entitled contribution bonus will be allocated as additional notional units to the Initial Contribution Account of the Policy according to Peter's latest designated investment choices at the time of bonus allocation.

### *Loyalty Bonus*

A loyalty bonus will be offered if the Premium Term of your Policy is 10 years or longer. While the Policy is in force, the loyalty bonus will be allocated as additional notional units to your Initial Contribution Account of the Policy according to your latest designated investment choices at the end of the Premium Term. The loyalty bonus will be allocated within 30 days following the end of the Premium Term.

The loyalty bonus is equal to the total policy fees deducted throughout the whole Premium Term. The loyalty bonus is only paid once into your Policy and is subject to the regular fees and charges of the Initial Contribution Account. Please refer to the "Summary of Charges" section for details.

*What* Is My Life Coverage?

### *Insurance Protection for Your Loved Ones*

While the Policy is in force, the life coverage are equal to the higher of (a) 105% of the Total Account Value of your Policy or (b) total premium paid (less any partial withdrawal made). Please refer to Illustrative example 6 in Appendix I for details on how the death benefit amount will be determined.

Additionally, while the Policy is in force and during the first 10 policy years of the Policy, in the event of the death of the insured as a result of an Accident and the death occurs within 180 days from the date of the Accident, an additional accidental death benefit will be paid to the beneficiary. The accidental death benefit is equal to the total Regular Premiums payable for the Policy within the first policy year from the policy inception date or US\$12,500/ HK\$100,000, whichever is lesser in amount. Please refer to the policy provisions, which are available at no charge from us upon request, for all exclusions under the accidental death benefit.

If the insured commits suicide, whether sane or insane, the Company's liability shall be calculated as the sum of (i), (ii) and (iii) below, where:

- (i) If, as at the suicide date, the Regular Premium and/or each Booster Premium payment (if any) has been made for over 13 calendar months from the policy commencement date or from the booster deposit date, as the case may be, then the death benefit in respect of such premium(s) paid will be the higher of (a) the aggregate sum of the total relevant Regular Premium and Booster Premium(s) paid, less any partial withdrawal made from the Account Value attributable to the aforesaid premium(s) or (b) 105% of the Account Value attributable to the aforesaid premium(s).

- (ii) If, as at the suicide date, the Regular Premium has been made for no more than 13 calendar months from the policy commencement date, then the amount will be 100% of the Account Value attributable to the Regular Premium less any original amount of the instant bonuses paid.

- (iii) If, as at the suicide date, any Booster Premium payment has been made for no more than 13 calendar months from the booster deposit date, then the amount will be the sum of 100% of the Account Value attributable to such Booster Premium.

After the Policy is reinstated, if applicable, the policy commencement date and booster deposit date (prior to the date of reinstatement) as stated in points (i), (ii) and (iii) above will be replaced by the date of reinstatement.

**The death benefit will be paid after deducting any unpaid premiums, fees and charges. Please refer to the policy provisions, which are available free of charge upon request, for details.**

Please refer to the "General Information" section for the administration details on claims.

Your death benefits are linked to the performance of the underlying funds that you select from time to time and are subject to investment risks and market fluctuations.

#### *Illustrative example 4 – Life coverage in the event of suicide*

John has successfully applied for an **Altitude II** policy in year 2015.

1. On 1 Feb 2015, an **Altitude II** policy was issued to John with Regular Premium of HK\$100,000 payable annually.
2. On 1 Feb 2016, he deposited Booster Investment Premium of HK\$50,000 to the Policy.
3. Unfortunately, he commits suicide and the claim is approved on 1 Aug 2016. FWD's liability for the Policy will be HK\$267,400 is determined as below:

Date	Premium type	Premium amount (HK\$)	Account Value attributed to the relevant premium as of 1 Aug 2016 (HK\$)
1 Feb 2015 (Policy inception date)	Regular Premium	\$100,000 payable annually	\$208,000
1 Feb 2016 (Premium deposit date)	Booster Premium	\$50,000	\$49,000

With the Regular Premium, the claim approval date is 18 months from the policy inception date (1 Feb 2015) to 1 Aug 2016.

With the Booster Premium, the date of suicide and the claim approval date are 6 months from Booster Premium deposit date (1 Feb 2016) to 1 Aug 2016.

Total Regular Premium paid from the policy inception date of 1 Feb 2015 to 1 Aug 2016

$$= \text{HK\$}100,000 \times 2$$

$$= \text{HK\$}200,000$$

Death benefit attributable to the Regular Premium

$$= \text{The higher of (a) 105\% of the Total Account Value or (b) total premium paid (less total Booster Premium paid and any partial withdrawal made)}$$

$$= \text{The higher of (a) } 105\% \times \text{HK\$}208,000 \text{ or (b) } (\text{HK\$}200,000 + \text{HK\$}50,000 - \text{HK\$}50,000 - \text{HK\$}0)$$

$$= \text{HK\$}218,400$$

With the Booster Premium, the date of suicide and the claim approval date are 6 months from Booster Premium deposit date (1 Feb 2016) to 1 Aug 2016.

FWD's liability attributable to the Booster Premium

- = 100% of the Account Value attributable to the Booster Premium
- = 100% x HK\$49,000
- = HK\$49,000

Therefore, FWD's total liability for the Policy is HK\$218,400 + HK\$49,000 = HK\$267,400

The above example is hypothetical and for illustrative purposes only and does not represent actual or anticipated returns.

*How* Can I Manage My Investment Choices?

*With **Altitude II**, you are in complete control of your investment decisions. Our investment choice platform offers you over a hundred investment choices linked to the underlying funds invested in different business sectors, geographical locations and asset classes. It is our philosophy to bring you investment choices that are carefully selected by our qualified investment professionals.*

### *Investment Choices*

**Altitude II** allows you to diversify your investment according to multiple business sectors, geographical locations and asset classes, as well as investment managers. You can construct your own investment portfolio by allocating premiums into your chosen investment choice(s), subject to a minimum allocation per investment choice of 10% of the premiums paid after deduction of premium charges, if any. The Company reserves the right to change the minimum allocation requirement with not less than one month's prior written notice or such shorter period of notice in compliance with the relevant regulatory requirements.

**The investment choices available under Altitude II can have very different features and risk profiles. Some may be of high-risk.** Please refer to the investment choices brochure for details on the investment choices.

The units allocated to your Policy are notional in nature and solely for the purpose of determining the Total Account Value of your Policy. You do not have any rights or ownership over the assets in the underlying funds.

### *Unlimited Switching / Reallocation of Investment Choices*

**Altitude II** allows you to rebalance your investment portfolio at any time by switching between investment choices within the same account of the Policy (i.e. you cannot switch units from the Initial Contribution Account to the Accumulation Contribution Account, and vice versa). This may help you better manage your wealth and allow you to change your investment strategy to keep pace with your needs and changes in the market. Currently, the minimum switching amount is US\$125/HK\$1,000.

We understand the importance of making swift responses to market changes. Allowing you to re-align your investment strategy at anytime from anywhere, you can request switching/reallocation of investment choices via our customer online service or by contacting us directly.

Currently, there is no limit on how often you can switch or reallocate your investment choices, and no switching/reallocation charge will be imposed for doing so. However, we reserve the right to impose such charges with not less than one month's prior written notice or such shorter period of notice in compliance with the relevant regulatory requirements.

*How* Can I Get Access To My Policy Values?

*We understand that over time there are many circumstances that could impact your financial well-being. In anticipation of this and in case of emergency, you can make a partial withdrawal or fully surrender your policy to accommodate your financial needs while the policy is in force.*

### ***Partial Withdrawals***

You may make withdrawals from your Initial Contribution Account and/or Accumulation Contribution Account by redeeming notional units of the respective Policy Account, please refer to below for details. The minimum amount to be withdrawn is currently US\$250/HK\$2,000 per policy. At present, there are no charges applicable to partial withdrawals but they are subject to maintaining the relevant Minimum Remaining Account Value on a per Policy basis. If the value of your Initial Contribution Account and/or Accumulation Contribution Account for which you made the withdrawal immediately after such withdrawal is less than the relevant Minimum Remaining Account Value, as specified below, your Policy shall be terminated and subjected to the applicable surrender charge.

Any partial withdrawals made from your Policy will reduce the contribution bonuses. Please refer to the "What Are My Bonuses?" section for details.

#### ***From Initial Contribution Account***

You may make partial withdrawals from the Initial Contribution Account after the Surrender Charge Period, as long as the Minimum Remaining Account Value of the Initial Contribution Account immediately after the partial withdrawal is positive. However, before end of the Surrender Charge Period, partial withdrawal could only be made from the Accumulation Contribution Account.

#### ***From Accumulation Contribution Account***

Partial withdrawals may also be made from your Accumulation Contribution Account whenever you like, subject to of the Minimum Remaining Account Value of the Accumulation Contribution Account immediately after the partial withdrawal is US\$2,500/HK\$20,000 or greater.

### ***Surrender***

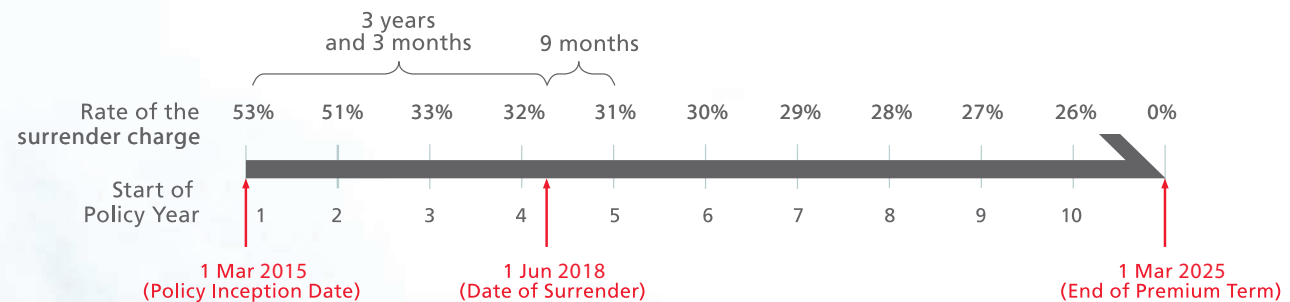

You may surrender the Policy if and when you so desire and fully withdraw the Total Account Value from the Policy. If the Policy has been on premium holiday for a continuous period of three years, we reserve the right to deem your Policy surrendered. On surrender of your Policy all notional units in your account will be redeemed. After deducting the outstanding fees and charges (if any) including surrender charges, the net amount will be paid to you. Please refer to the "Summary of Charges" section for details on fees and charges.

### Illustrative example 5 – Surrender

An **Altitude II** policy has been issued to Mary in year 2015.

- On 1 Mar 2015, an **Altitude II** policy was issued to Mary. The Policy has a Premium Term of 10 years with an 24-month Initial Contribution Period, US Dollars as the policy currency and Regular Premium of US\$25,000 payable annually.
- Mary decides to surrender her Policy on 1 Jun 2018 (i.e. 3 years and 3 months from the inception date of the Policy). After deducting the surrender charges, the net surrender value will be paid to Mary. The actual payment to Mary will be US\$103,220 as illustrated below.

Referring to the Surrender Charge Table in the Appendix II,  
 Rate of the surrender charge (as at start of the 4th policy year) = 32%  
 Rate of the surrender charge (as at start of the 5th policy year) = 31%

By interpolation, rate of the surrender charge as at 1 Jun 2018

$$\begin{aligned}
 &= \frac{\left( 32\% \times \text{No. of months outstanding to the beginning of next policy year} \right) + 31\% \times \text{No. of months elapsed since the end of last policy year}}{12} \\
 &= \frac{(32\% \times 9 + 31\% \times 3)}{12} \\
 &= 31.75\%
 \end{aligned}$$

Net surrender value as at 1 Jun 2018:

	Assumed Account Value on 1 Jun 2018	Rate of the Surrender Charge	Net Surrender Value
Initial Contribution Account	US\$56,000	31.75%	US\$56,000 - US\$56,000 x 31.75% = US\$38,220
Accumulation Contribution Account	US\$65,000	N/A	US\$65,000
		Total:	US\$103,220

The above example is hypothetical and for illustrative purposes only and does not represent actual or anticipated returns.

Please note:

- **Altitude II** is designed to be held for a long term period. Any early surrender or partial withdrawal may result in significant loss to the Total Account Value of your policy and the contribution bonuses awarded. Please refer to the "What Are My Bonuses?" section for details. Poor performance of underlying funds may further magnify the loss of the Total Account Value of your Policy, while all charges will remain deductible.

### *Underlying Fund Level*

You should note that the underlying funds of the investment choices may have separate charges on management fee, performance fee, bid-offer spread and/or switching fee. You do not pay these fees directly – either (1) the fees will be deducted and such reduction will be reflected in the unit price of the

underlying funds or (2) notional units will be redeemed from your investment choices to pay these fees. Please refer to the offering documents of the underlying funds and/or the principal brochure of Altitude II, which are available from the Company upon request, for details.

*General* Information

### *Account Value Checking*

To check your Account Value, simply log-in to your customer online service account on our website at [www.fwd.com.hk](http://www.fwd.com.hk). You can also visit our website for up-to-date unit prices of the investment choices. Of course, you can always contact us directly to check your Account Value. On an annual basis, a statement will also be provided to you showing the Total Account Value of your Policy. Your Account Value is calculated by multiplying the number of notional units of investment choices in your account by the most up-to-date unit prices.

The unit prices of the investment choices will be exactly the same as those of the respective underlying funds. **The return on investment is calculated with reference to the fluctuation of the performance of the underlying funds. However, please note that such returns on investments under the Policy are subject to the charges of your Policy and may be lower than the returns from the underlying investments.** Each underlying fund has its own investment objectives and associated risks. Please refer to the offering documents of the respective underlying fund, which are available on our website at [www.fwd.com.hk](http://www.fwd.com.hk) or can be obtained from us upon request, for details. Please also note that the Total Account Value of your Policy will be adversely impacted by any investment loss.

### *Allocation of Premiums*

For each investment choice selected, you must allocate at least 10% of your premiums paid after deduction of premium charges, if any.

Except for a suspension of dealing of the underlying funds or other circumstances which are considered as beyond our control, the allocation of the notional units of the investment choices selected by you will be effective on the next Dealing Date after we receive the 1) cleared funds and 2) the duly completed forms by 4:00pm

Hong Kong time on a business day. We reserve the right to defer the date of unit allocation if the information provided is insufficient or does not meet our requirements.

### *Application Procedure*

To apply for **Altitude II**, simply return a completed policy application form and a signed illustration document together with the relevant payment to us.

We reserve the right to decline any applications for **Altitude II** if the information provided by the proposed insured during application is insufficient or does not meet our requirements.

### *Borrowing Power*

**Altitude II** has no borrowing powers. Please refer to the offering documents of the respective underlying funds, which are available on our website at [www.fwd.com.hk](http://www.fwd.com.hk) or can be obtained from us upon request, for details on the borrowing powers and investment restrictions of the underlying funds.

### *Claim*

To make a claim, a completed and signed prescribed form should be given to us as soon as possible. The prescribed form can be obtained from your advisor or us.

While the Policy remains in force and the claim has been approved, the proceeds of the claimed benefit will be paid in the policy currency within 30 business days after the Dealing Date following the date when the satisfactory requirements of the claims application has been received by us.

### *Cancellation Right*

If you are not fully satisfied with this policy, you have the right to change your mind.

We trust that this policy will satisfy your financial needs. However, if you are not completely satisfied, you have the right to cancel and obtain a full refund of the insurance premium paid by you and levy paid by you without interest, less a deduction of the amount, if any, by which the value of your investment has fallen at the time when your cancellation notice is received by us, and less any withdrawal amount, if any, by giving us written notice. Such notice must be signed by you and received directly by the office of FWD within 21 calendar days immediately following either the day of delivery of the policy or a Cooling-off Notice to you or your nominated representative, whichever is the earlier. The notice is the one sent to you or your nominated representative (separate from the policy) notifying you of your right to cancel within the stated 21 calendar day period. No refund can be made if a claim payment under the policy has been made prior to your request for cancellation. Should you have any further queries, you may (1) call our Customer Service Hotline on 3123 3123; (2) visit our FWD Insurance Solutions Centres; (3) email to cs.hk@fwd.com and we will be happy to explain your cancellation rights further.

### *Investment Choice Changes*

An investment choice may be merged with other investment choices or terminated. If we do not receive your instructions for switching and/or changing allocation before the deadline stated in the written notice, we will switch the affected investment choices and/or direct your new premiums to the default investment choices as stated in the written notice.

### *Investment Choice Switching/Reallocation*

Your Policy gives you the flexibility to change your investment choices an unlimited number of times (subject to a minimum switching amount of US\$125/HK\$1,000 each time) to suit your financial goals. Currently, there is no charge for switching/reallocation.

To request the switching/reallocation of investment choices, you need to complete and sign a prescribed form, which can be obtained from your advisor or from us. Alternatively, you may submit your request via an electronic form, as prescribed by us from time to time. Currently, you can request the switching/reallocation of investment choices via our customer service online platform on our website at [www.fwd.com.hk](http://www.fwd.com.hk).

The switching-out instruction will normally be executed on the next Dealing Date after the receipt of your duly completed switching request by 4:00pm Hong Kong time on a business day. The switching-in instruction will normally be executed no more than four Dealing Dates after the completion of the switching out transaction, except in the case of suspension of dealing of the underlying funds or other circumstances which are beyond our control.

We reserve the right to change the requirements and/or the relevant procedure with not less than one month's prior written notice or such shorter period of notice in compliance with the relevant regulatory requirements.

### *Maturity Benefit*

While this Policy is in force and the insured is alive, maturity benefit will be payable to you upon the expiry date of the Policy, i.e., the policy anniversary immediately preceding the hundredth (100th) birthday of the insured. The maturity benefit will be the Total Account Value for the Policy after deducting any unpaid premiums, fees and charges.

### *Other Administration*

FWD reserves the right to vary the minimum requirements on Regular Premium, Booster Premium, Minimum Remaining Account Values, partial withdrawal amount, allocation per investment choice on your premium or switching amount between investment

choices from time to time. Not less than 1 month's prior written notice or such shorter period of notice in compliance with the relevant regulatory requirements will be given for any increase to such minimum requirements.

### *Partial Withdrawal Procedure*

To make partial withdrawals, you need to complete and sign the prescribed form, which can be obtained from your advisor or from us.

Except for a suspension of dealing of the underlying funds or other circumstances which are beyond our control, the redemption of notional units will be effected on the next Dealing Date after the receipt of the duly completed request for partial withdrawal by 4:00pm Hong Kong time on a business day.

We reserve the right to change the requirements and/or the relevant procedure with not less than one month's prior written notice or such shorter period of notice in compliance with the relevant regulatory requirements.

Please refer to the sub-section "Partial Withdrawal" for further details.

### *Policy Currency*

**Altitude II** is available in both US Dollars and Hong Kong Dollars.

Premiums can be made in the policy currency chosen by you on the policy inception date. Benefits will be paid in the same policy currency as the premiums are paid. The policy currency cannot be changed after the policy inception date. Any premiums paid in a different currency to the policy currency will be converted at the prevailing exchange rate determined by us from time to time with reference to market rates. Therefore, it may be subject to foreign

exchange risks in the process of currency conversion.

The denominating currency of each investment choice may differ from the policy currency. Please refer to the investment choices brochure for details. When the denominating currency of your investment choice is different from the policy currency, any allocation, switching or redemption of the investment choice will be subject to foreign exchange risks in the process of currency conversion.

### *Policy Termination*

This Policy shall terminate on the earliest of the following:

- The expiry date of the Policy, i.e., the policy anniversary immediately preceding the hundredth (100th) birthday of the insured;
- The date of policy surrender. Such date is determined in accordance with the Company's applicable rules and regulations in relation to policy surrender. If the Regular Premium is suspended for three consecutive years due to premium holiday, the Company may exercise its right to deem the Policy surrendered. Please refer to the sub-section "Premium Holiday" for details;
- Non-payment of Regular Premium during the Initial Contribution Period;
- The date of the Company's acceptance of the notification of the death of the insured;
- The Account Value of the Accumulation Contribution Account (after the Initial Contribution Period) is equal to or less than zero on any Valuation Date;
- The Total Account Value of the Policy (after the Surrender Charge Period) is equal to or less than zero on any Valuation Date;

- The Account Value of the Initial Contribution Account drops below the Minimum Remaining Account Value of the Initial Contribution Account (dollar zero) solely as a result of a partial withdrawal; and
- The Account Value of the Accumulation Contribution Account drops below the Minimum Remaining Account Value of the Accumulation Contribution Account (US\$2,500/HK\$20,000) solely as a result of a partial withdrawal.

The Policy will not be terminated if the Account Values of the Initial Contribution Account and Accumulation Contribution Account falls below the respective Minimum Remaining Account Values due solely to market fluctuation. The Policy will be terminated if the Policy is insufficient to cover the relevant fees and charges.

If your Policy is terminated, all notional units of the investment choices in your Policy will be redeemed. Except in the case of the death of the insured, if your Policy is terminated before the end of the Surrender Charge Period, the redeemed value will be subject to a surrender charge. Please refer to the "Summary of Charges" section for details on the surrender charge.

### *Premium Adjustment Application*

To apply for an adjustment in Regular and/or Booster Premiums, simply return to us a completed and signed prescribed form, which can be obtained from your advisor or from us, together with the relevant payments. To increase your Regular Premium to a level above the initial amount committed on the policy commencement date is not allowed.

You may apply for a Booster Premium at any time when the "age on next birthday" of the insured and the policyholder, relative to the time of application, is 75 or younger.

Usual administration rules apply to any adjustment in Regular and/or Booster Premiums. We reserve the right to decline the application if the information provided by the insured during application is insufficient or does not meet our requirements.

### *Premium Mode*

Regular Premiums can be contributed monthly, semi-annually or annually. The premium mode may be changed as requested by you on or before the premium due date.

### *Rounding of Units and Unit Prices*

The number of notional units of the investment choices redeemed or subscribed is currently rounded to the nearest five decimal places. The rounding method for determining the unit price is prescribed by the respective underlying fund manager. Please refer to the offering documents of the respective underlying fund, which are available on our website at [www.fwd.com.hk](http://www.fwd.com.hk) or can be obtained from us upon request, for details.

### *Surrender Procedure*

If you wish to surrender your Policy, simply return to us 1) a completed prescribed form, which can be obtained from your advisor or from us, as well as 2) your policy document. All the notional units of the investment choices in your account will be redeemed. This will normally be executed on the next Dealing Date after the receipt of the duly completed surrender request by 4:00pm Hong Kong time on a business day. Afterwards, your Policy will be terminated.

The net surrender value will normally be payable within 30 days after the receipt of the duly completed surrender request. No interest is payable for the period between the date the notional units are cancelled from your account and the date of payment of the net surrender value.

### *Suspension of Dealing*

Under circumstances which we consider as beyond our control, the date and frequency of the Valuation Date and Dealing Date are at our absolute discretion, and we will act in good faith when exercising such discretion. Please refer to the policy provisions, which are available at no charge from us upon request, for details.

### *Taxation*

Interest, income and capital gains from the redemption and disposal of investment choices are exempt from taxation under the current Inland Revenue Ordinance of the Hong Kong Special Administrative Region. However, you are advised to seek professional guidance regarding your own particular tax circumstances.

## *Foreign Account Tax Compliance Act*

Under the U.S. Foreign Account Tax Compliance Act (“FATCA”), a foreign financial institution (“FFI”) is required to report to the U.S. Internal Revenue Service (“IRS”) certain information on U.S. persons that hold accounts with that FFI outside the U.S. and to obtain their consent to the FFI passing that information to the IRS. An FFI which does not sign or agree to comply with the requirements of an agreement with the IRS (“FFI Agreement”) in respect of FATCA and/or who is not otherwise exempt from doing so (referred to as a “nonparticipating FFI”) will face a 30% withholding tax (“FATCA Withholding Tax”) on all “withholdable payments” (as defined under FATCA) derived from U.S. sources (initially including dividends, interest and certain derivative payments).

The U.S. and Hong Kong reached an inter-governmental agreement (“IGA”) to facilitate compliance by FFIs in Hong Kong with FATCA and which creates a framework for Hong Kong FFIs to rely on streamlined due diligence procedures to (i) identify U.S. indicia, (ii) seek consent for disclosure from its U.S. policyholders and (iii) report relevant tax information of those policyholders to the IRS.

FATCA applies to FWD and the Policy. FWD is a participating FFI. FWD is committed to complying with FATCA. To do so, FWD requires you to comply with the following obligations (the “Information Obligations”):

- (i) provide to FWD certain information including, as applicable, your U.S. identification details (e.g. name, address, the US federal taxpayer identifying numbers, etc); and
- (ii) consent to FWD reporting such information and your account information (such as account balances, interest and dividend income and withdrawals) to the IRS.

If you fail to comply with the Information Obligations (being a “Non-Compliant Accountholder”), FWD is required to report “aggregate information” of account balances, payment amounts and number of non-consenting US accounts to IRS. In addition, FWD may determine to effect termination of your Policy as a result of, or purporting to be in respect of FATCA and/or other applicable laws and regulations relating to tax reporting and withholding, in which case, FWD will return to you the Account Value (less any indebtedness by you to FWD) as of the date on which FWD informs you of the termination. No surrender charge or any other form of penalty will be applied if the termination is effected solely for said purposes. Such right of termination is permitted by the applicable laws and regulations. When determining to exercise such right of termination, FWD will act fairly, in good faith and on reasonable grounds.

FWD could, in certain circumstances, be required to impose FATCA Withholding Tax on payments made to, or which it makes from, your Policy. Currently the only circumstances in which FWD may be required to do so are:

- (i) if the Inland Revenue Department of Hong Kong fails to exchange information with the IRS under IGA (and the relevant tax information exchange agreement between Hong Kong and the U.S.), in which case FWD may be required to deduct and withhold FATCA Withholding Tax on withholdable payments made to your Policy and remit this to the IRS; and
- (ii) if you are (or any other account holder is) a nonparticipating FFI, in which case FWD may be required to deduct and withhold FATCA Withholding Tax on withholdable payments made to your Policy and remit this to the IRS.

**You should seek independent professional advice on the impact FATCA may have on you or your Policy.**

### *Illustrative example 6 – Death benefit and Cost of insurance*

An **Altitude II** policy have been issued to Ann.

1. On 1 Feb 2015, an **Altitude II** policy was issued to Ann. The Policy has a Premium Term of 10 years with an 24-month Initial Contribution Period, Hong Kong Dollars as the policy currency and Regular Premium of HK\$18,000 payable annually.
2. It is assumed that as at 1 Feb 2020,
  - a. all premiums have been paid in full
  - b. partial withdrawal of HK\$10,000 has been made from the Policy on 1 Jan 2019
  - c. Total Account Value of the Policy is HK\$120,000

On 1 Feb 2020, Ann attains age at next birthday is 30 years old. She is a female. For policy year starting from 1 Feb 2020 to 31 Jan 2021, the cost of insurance rate is HK\$0.73 per HK\$1,000 net amount at risk.

$$\begin{aligned} & 105\% \text{ of the Total Account Value} \\ & = 105\% \times \text{HK\$120,000} \\ & = \text{HK\$126,000} \end{aligned}$$

$$\begin{aligned} & \text{Total premium paid from the policy inception date of 1 Feb 2015 to 1 Feb 2020 (including the annual Regular Premium paid for the policy year starting 1 Feb 2020)} \\ & = \text{HK\$18,000} \times 6 \\ & = \text{HK\$108,000} \end{aligned}$$

$$\begin{aligned} & \text{Death benefit} \\ & = \text{The higher of (a) 105\% of the Total Account Value or (b) total premium paid (less any partial withdrawal made)} \\ & = \text{The higher of (a) HK\$126,000 or (b) (HK\$108,000 – HK\$10,000)} \\ & = \text{HK\$126,000} \end{aligned}$$

$$\begin{aligned} & \text{Cost of insurance per month} \\ & = \text{Cost of insurance rate} \div 12 \times \text{net amount at risk} \\ & = \text{Cost of insurance rate} \div 12 \times (\text{death benefit} - 100\% \text{ of the Total Account Value}) \\ & = \text{HK\$0.73} \div \text{HK\$1,000} \div 12 \times (\text{HK\$126,000} - 100\% \times \text{HK\$120,000}) \\ & = \text{HK\$0.365} \end{aligned}$$

Therefore, as at 1 Feb 2020, the death benefit of the Policy is HK\$126,000 and the cost of insurance of HK\$0.365 will be deducted from the Policy.

The above example is hypothetical and for illustrative purposes only.

### 調低定期保費

您可於最初供款期後申請調低定期保費，惟須符合於「定期保費」部分表列之「最低定期保費」要求。現行每年最低定期保費為1,500美元/12,000港元。於調低定期保費後，您可將定期保費回調至最初供款金額，惟定期保費回調的申請須經本公司批核。

### 供款假期

您可於最初供款期結束後，行使供款假期以暫停繳付定期保費。惟於供款假期期間，本公司將繼續從您的保單中扣除所有相關費用及收費和附約保費（如有）。

若累積供款戶口內之戶口價值不足以支付所有費用及收費及附約保費（如有），您必須於收到本公司通知時恢復供款。否則，您的保單將於累積供款戶口內之戶口價值為零時被視為退保。若閣下行使供款假期持續達三年，本公司可行使其將您的保單視作退保保單的權利。保單退保時，您將獲退還已扣除任何未清繳費用及收費後（包括退保費用）的戶口價值。有關費用及收費的詳情，請參閱「收費總覽」部分。

智非凡 II 專為長線持有而設。若您行使供款假期，或會導致保單總戶口價值及供款獎賞蒙受重大損失。詳情請參閱「我有哪些獎賞？」部分。此外，若相關基金的表現欠佳，可能引致您的保單總戶口價值進一步虧損，而所有收費仍將繼續被扣除。

\* 即時獎賞百分比按每年定期保費的百分比列示，並不代表您的投資選擇之投資回報或表現。

---

$$\text{即時獎賞} = \text{即時獎賞百分比} \times \text{供款年期} \times \text{每年定期保費}$$

---

即時獎賞百分比根據每年定期保費、供款年期及於分派獎賞當時的即時獎賞百分比而釐定。

您所享有的即時獎賞，將按照分派獎賞當時您最新指定投資選擇，以額外名義單位分配至保單的最初供款戶口內。

詳情請參閱下列說明例子1。

### 說明例子1 — 即時獎賞

Peter喜歡投資相連計劃(此乃長綫投資暨保險產品)的概念。

他成功申購**智非凡II**投資壽險保單，選擇供款年期為25年並以港幣為保單貨幣。自2015年2月1日起每月繳付定期保費為10,000港元。

於2015年2月1日起繳付的每年定期保費

$$= 10,000 \text{ 港元} \times 12$$

$$= 120,000 \text{ 港元}$$

根據供款年期為25年及每年定期保費120,000港元，即時獎賞百分比為3.00%。

因此，於2015年2月1日的即時獎賞

$$= \text{即時獎賞百分比} \times \text{供款年期} \times \text{每年定期保費}$$

$$= 3.00\% \times 25 \times (10,000 \text{ 港元} \times 12)$$

$$= 90,000 \text{ 港元}$$

另外，Peter可選擇分12期的每月等額收取即時獎賞。

即於首個保單年度內每月收取90,000港元/12 = 7,500港元

於2015年2月1日Peter選擇一次性收取即時獎賞(亦即90,000港元)。即時獎賞將按照於分派獎賞當時Peter最新指定的投資選擇，以額外名義單位分配至保單的最初供款戶口內。

上述例子屬假設並只作舉例說明之用。

即時獎賞須繳付最初供款戶口的定期費用及收費。詳情請參閱「收費總覽」部分。

若您於冷靜期內取消保單，您可取回已付保費，但若您的投資選擇價值有所下跌，則可取回的金額會較已付保費為少。您亦不會享有任何即時獎賞。

## 供款獎賞

為感謝您定期支付保費，在保單生效期間，將於保單生效日後至供款年期完結前每五年向您派發供款獎賞。供款獎賞將按過去60個月內累積供款戶口平均每戶口價值的相關百分比乘以供款獎賞調整因數計算。

$$\text{供款獎賞} = \frac{\text{供款獎賞百分比 (\%)} \times \text{過去60個月內累積供款戶口內之總每月戶口價值} \times \text{供款獎賞調整因數}}{60}$$

供款獎賞百分比將按您的供款年期及由保單生效日起已生效的年期而釐定。供款獎賞百分比如下：

保單年度完結時	供款年期				
	5年	10年	15年	20年	25年
5			6%		
10	不適用		6%		
15		不適用		9%	
20			不適用		9%
25				不適用	9%

供款獎賞將按照於分派獎賞當時您最新指定投資選擇，以額外名義單位分配至您的最初供款戶口內。供款獎賞將於每第五個保單年度後30日內派發。供款獎賞須繳付最初供款戶口的定期費用及收費。詳情請參閱「收費總覽」部分。

釐定供款獎賞時，若閣下曾行使供款假期、部分提款或調低定期保費，您的供款獎賞將按以下的供款獎賞調整因數而下調。

$$\text{供款獎賞調整因數} = \frac{\text{(已付定期保費總額 - 部份提款金額)}}{\left( \text{保單生效日時的每年定期保費} \right) \times \text{保單生效以來的保單年期}}$$

附註：

若您從保單部分提款的總額等於或超過已付定期保費總額，則您的供款獎賞調整因數將會下調為零，以致供款獎賞亦下調至零。

下述例子屬假設並只作舉例說明之用，並不代表實際或預期回報。

### 說明例子2 — 供款獎賞 (並無調整)

承接說明例子1所述Peter的案例，

1. Peter擁有供款年期為25年並以港幣為保單貨幣的保單。
2. 保單於2015年2月1日發出，每月繳付定期保費為10,000港元。
3. 假設所有保費已悉數繳付，且並無作出部分提款。
4. 於2015年2月1日之後，Peter並無調減保費。
5. 保單的即時獎賞已於保單生效日一次性支付。

於2025年2月1日，Peter將可享有供款獎賞，金額將按過去60個月內累積供款戶口平均每月戶口價值及相關供款獎賞百分比釐定：

總額 (2020年2月1日至2025年1月31日) :			33,711,876 港元

根據供款年期為25年及保單處於第十個保單年度完結時，保單於2025年2月1日的供款獎賞百分比為6%。

由於所有定期供款已悉數繳付，且並無作出部分提款，故供款獎賞並沒有作調整。因此供款獎賞調整因數是1。

於2025年2月1日的供款獎賞

$$\begin{aligned} &= \text{供款獎賞百分比} \times \text{過去60個月內累積供款戶口內之總每月戶口價值} \\ &\quad \text{戶口內之總每月戶口價值} \times \text{供款獎賞調整因數} \div 60 \times \text{供款獎賞調整因數} \\ &= 6\% \times (33,711,876 \text{ 港元} \div 60) \times 1 \\ &= 33,712 \text{ 港元} \end{aligned}$$

因此，Peter於2025年2月1日享有的供款獎賞為33,712港元。供款獎賞將按照於分派獎賞當時Peter最新指定的投資選擇，以額外名義單位分配至保單的最初供款戶口內。

### 說明例子3 — 按調整後之供款獎賞

承接說明例子1，

1. Peter擁有一份供款年期為25年並以港幣為保單貨幣的保單。
2. 保單於2015年2月1日發出，每月繳付定期保費為10,000港元。
3. 假設Peter
  - a) 於2020年6月1日及2022年4月1日行使供款假期（即沒有繳付定期保費），共兩個月
  - b) 由2023年2月1日起，將定期保費調低至每月8,000港元
  - c) 於2025年1月1日，從保單部分提款20,000港元基於以上情況，供款獎賞將會採用供款獎賞調整因數計算
4. 保單的即時獎賞已於保單生效日一次性支付。

於2025年2月1日，Peter可享有供款獎賞金額將按過去60個月內累積供款戶口平均每月戶口價值釐定：

總額 (2020年2月1日至2025年1月31日) :				32,158,770港元

根據供款年期為25年及保單處於第十個保單年度完結時，保單於2025年2月1日的供款獎賞百分比為6%。

自保單生效日2015年2月1日至2023年1月31日期內，截至2025年2月1日止已付每月定期保費10,000港元的月數  
= 8 x 12 - 2  
= 94

自2023年2月1日至2025年1月31日期內，截至2025年2月1日止已付每月定期保費8,000港元的月數  
= 2 x 12  
= 24

由於並無悉數繳付定期保費，並曾作出部分提款，因此供款獎賞將按供款獎賞調整因數調整。

$$\text{供款獎賞調整因數} = \frac{\text{(已付定期保費總額 - 部份提款總額)}}{\text{(保單生效日時的每年定期保費)} \times \text{保單生效以來的保單年期}}$$

於2025年2月1日的供款獎賞

$$\begin{aligned} \text{於2025年2月1日的供款獎賞調整因數} &= \frac{[10,000\text{港元} \times (94) + 8,000\text{港元} \times (24) - 20,000\text{港元}]}{(10,000\text{港元} \times 12 \times 10)} \\ &= 92.67\% \end{aligned}$$

供款獎賞

= 過去60個月內累積供款戶口平均每月戶口價值（按定期保費計算）的相關百分比 x 於2025年2月1日的供款獎賞調整因數  
= 供款獎賞百分比 x (過去60個月內累積供款戶口截至各保單月結日戶口價值總和 ÷ 60) x 92.67%  
= 6% x (32,158,770港元 ÷ 60) x 92.67%  
= 29,802港元

因此，Peter於2025年2月1日享有的供款獎賞為29,802港元。供款獎賞將按照於分派獎賞當時Peter最新指定的投資選擇，以額外名義單位分配至保單的最初供款戶口內。

## 長期獎賞

若您的保單供款年期為10年或以上，您將可獲得長期獎賞。在保單生效期間，長期獎賞將按照您於供款期滿當時最新指定投資選擇，以額外名義單位分配至您的最初供款戶口內。長期獎賞將於供款期滿後30日內派發。

長期獎賞相當於整個供款年期所扣除的保單費用總額。您所享有的長期獎賞僅一次性支付，並須繳付最初供款戶口的定期費用及收費。詳情請參閱「收費總覽」部分。

我的人壽保險覆蓋範圍是什麼?

## 為您的摯愛提供壽險保障

於保單生效期間，人壽保障額相等於 (1) 您的保單總戶口價值的105%或 (2) 總繳付保費 (扣除部份提款(如有)) (以較高者為準)。有關身故權益的計算方式，請參閱附錄I內的說明例子6。

此外，在保單的首十個保單週年內，而保單仍然生效，如果被保人因意外並於發生意外後180天內身故，額外意外身故權益將發放予受益人。意外身故權益相等於保單由生效日起於第一個保單周年內所繳付的總定期保費或12,500美元/100,000港元 (以較低者為準)。有關意外身故權益的所有不保事項，請參閱保單條款，有關資料可向本公司免費索取。

如被保人在神志正常或精神失常的情況下自殺，本公司之賠償責任將為下列(i),(ii)及(iii)之總和，而其中：

- 如，截至自殺當天，定期保費及/或每筆額外保費(如有)已自保單生效日或相關額外保費存入日起繳付超過13個曆月，於這情況下，身故權益將會是以下較高者(a)已繳定期保費及額外保費之總和，扣除任何於上述保費之戶口價值內作部分提款的款項(如有) 或 (b)上述保費之戶口價值的105%。
- 如，截至自殺當天，定期保費自保單生效日起繳付少於13個曆月，身故權益將會是定期保費之戶口價值的100%，扣除即時獎賞分派時的原本金額。
- 如，截至自殺當天，任何額外保費自額外保費存入日起繳付少於13個曆月，身故權益將會是該額外保費之戶口價值的100%。

於保單復效後(如適用)，以上(i),(ii)及(iii)所提及的保單生效日及額外保費存入日(於復效前存入)將被取代為保單復效日。

**身故權益將於扣除任何未清繳保費、費用及收費後予以支付。詳情請參閱保單條款，有關資料可向本公司免費索取。**

有關索償的詳情，請參閱「一般資料」部分。

由於身故權益與您所選相關基金不時的表現掛鈎，因此身故權益會受到投資風險及市場波動所影響。

### 說明例子4 — 自殺身故的人壽保障

John於2015年成功申購**智非凡 II** 投資壽險保單

- 於2015年2月1日，John獲發出一份**智非凡 II** 投資壽險保單，每年定期保費為100,000港元。
- 於2016年2月1日，John繳付了額外投資保費50,000港元。
- 不幸地，John自殺身亡，賠償於2016年8月1日獲得批准。富衛的賠償責任為267,400港元，詳情如下：

日期	供款類別	供款金額 (港幣)	截至2016年8月1日的相關供款戶口價值 (港幣)
2015年2月1日 保單生效日	定期保費	每年100,000港元	208,000港元
2016年2月1日 保費存入日	額外保費	50,000港元	49,000港元

就該筆定期保費而言，保費存入日(2015年2月1日)距賠償批准日2016年8月1日已有18個月。

就該筆額外保費而言，保費存入日(2016年2月1日)距自殺日及賠償批准日2016年8月1日只有6個月。

由保單生效日2015年2月1日至2016年8月1日的總繳付定期保費  
 = 100,000港元 × 2  
 = 200,000港元

就該筆定期保費的身故權益  
 = 以下較高者(a) 戶口價值的105%或 (b) 已繳總保費(扣除所有已繳額外保費及任何部分提款的款項(如有))  
 = 以下較高者(a)105% × 208,000港元 或 (b)(200,000港元 + 50,000港元 - 50,000港元 - 0港元)  
 = 218,400港元

富衛就該筆額外保費的賠償責任為  
 = 該筆額外保費戶口價值的100%  
 = 100% × 49,000港元  
 = 49,000港元

因此，富衛就此保單的總賠償責任為218,400港元 + 49,000港元 = 267,400港元

上述例子屬假設並只作舉例說明之用，並不代表實際或預期回報。

如何獲取我的保單價值？

我們明白人生變幻莫測，您的未來經濟狀況可能出現變化。有見及此，一旦出現緊急情況，您可以在保單生效期間作部分提款或完全退保，以應付您的財務所需。

### 部分提款

您可以從您保單內的最初供款戶口及/或累積供款戶口贖回名義單位作部分提款，詳情請參閱以下部分。而現行每份保單的最低提款金額為250美元/2,000港元。現時，部分提款並不收取任何費用，惟每份保單均須符合相關最低剩餘戶口價值要求。若您從最初供款戶口及/或累積供款戶口作部份提款後，即時戶口價值低於相關最低剩餘戶口價值，您的保單隨即終止並將被扣除有關退保費用。

自保單作出任何部分提款，會導致供款獎賞下調。詳情請參閱「我有哪些獎賞？」部分。

#### 從最初供款戶口提款

只要最初供款戶口的戶口價值於部分提款後即時價值大過或等於最低剩餘戶口價值(0美元/港元)，您便可於退保費用年期結束後從最初供款戶口作部分提款。然而，在退保費用年期內，您只能從累積供款戶口作部分提款。

#### 從累積供款戶口提款

您亦可以隨時從累積供款戶口作部分提款，惟作部分提款後，累積供款戶口的戶口價值於部分提款後即時價值大過或等於最低剩餘戶口價值(2,500美元/20,000港元)。

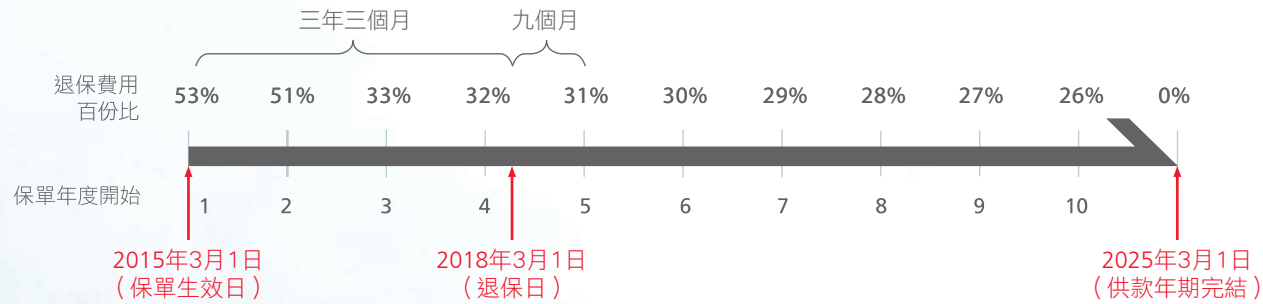

### 退保

有必要時，您可選擇將您的保單退保，以及悉數從保單提取總戶口價值。若保單連續三年均處於供款假期，本公司可行使其將您的保單視作退保保單的權利。退保時，您戶口內的所有名義單位將會隨您的保單退保而被贖回。您將獲退還扣除任何未清繳之費用及收費（包括退保費用）後的淨值。有關費用及收費的詳情，請參閱「收費總覽」部分。

### 說明例子5 — 退保

Mary於2015年獲批一份**智非凡 II** 保單。

- Mary於2015年3月1日獲批一份**智非凡 II** 保單。保單的供款年期為10年，最初供款期為24個月，以美元為保單貨幣，須繳付定期保費為每年25,000美元。
- Mary決定於2018年6月1日（即自保單生效日起計的3年3個月後）退保。經扣除退保費用後的退保淨值將支付予Mary。Mary所得付款為103,220美元，計算說明如下。

請參閱附錄 II — 退保費用表，  
 退保費用百分比(於第四個保單年度開始時)= 32%  
 退保費用百分比(於第五個保單年度開始時)= 31%

根據期內介乎31%至32%的退保費用百分比按比例計算，  
 於2018年6月1日的退保費用百分比

$$= \frac{\left( \begin{array}{l} 32\% \times \text{下一保單年度開始前尚餘月數} \\ + 31\% \times \text{上一保單年度開始後已過去月數} \end{array} \right)}{12}$$

$$= \frac{(32\% \times 9 + 31\% \times 3)}{12}$$

$$= 31.75\%$$

於2018年6月1日的退保淨值：

	2018年6月1日的假定戶口價值	退保費用百分比	退保淨值
最初供款戶口	56,000美元	31.75%	56,000美元 - 56,000美元 × 31.75% = 38,220美元
累積供款戶口	65,000美元	不適用	65,000美元
		<b>總計：</b>	<b>103,220美元</b>

上述例子屬假設並只作舉例說明之用，並不代表實際或預期回報。

請注意：

- **智非凡 II** 專為長期持有而設。若您提早退保或作部分提款，或會導致保單總戶口價值及供款獎賞蒙受重大損失。詳情請參閱「我有哪些獎賞？」部分。此外，若相關基金的表現欠佳，可能引致您的保單總戶口價值進一步虧損，至於所有收費仍將繼續被扣除。

收費總覽

每項投資選擇的計值貨幣與保單貨幣或有所不同。詳情請參閱投資選擇刊物。如閣下之投資選擇的計值貨幣與保單貨幣不同，則分配、轉換或贖回投資選擇將因貨幣兌換而面對外匯風險。

此保單將在下列其中一個日期終止，以較前者為準：

- 保單的終結日，即被保人一百歲生日前之保單週年日；

- 於最初供款期內未有繳付定期保費；
- 本公司接獲被保人身故的通知之日；
- 於最初供款期後，當累積供款戶口內之戶口價值於任何一個估值日等於或低於零；

- 最初供款戶口之戶口價值僅因部分提款而跌至低於最初供款戶口的最低剩餘戶口價值（0美元 / 0港元）；及

若您的保單終止時，保單內投資選擇的所有名義單位將會隨著保單終止而被贖回。除因被保人身故外，若於退保費用年期內終止保單，本公司將從被贖回金額中扣除退保費用。有關退保費用的詳情，請參閱「收費總覽」部分。

您亦可隨時於被保人及保單持有人下次生日年齡於75歲或之前申請額外保費。

## 外國帳戶稅務合規法

根據美國外國帳戶稅務合規法（「FATCA」），海外金融機構（「FFI」）須向美國國家稅務局（「國稅局」）匯報有關美國境外透過FFI持有帳戶的美國人之若干資料，並須取得他們的同意，容許FFI將該等資料送交國稅局。未就FATCA簽署或同意遵守與國稅局之間的協議（「FFI協議」）（或未獲另行豁免）的FFI（指「非參與FFI」），將就所有源於美國的「可預扣付款」（定義見FATCA）（初步包括股息、利息及某些衍生工具付款），面臨30%的預扣稅（「FATCA預扣稅」）。

美國及香港已達成跨政府協議（「IGA」），旨在促使FFI在香港遵守FATCA，設定框架使香港FFI可依賴簡化的盡職審查程序，以(i)識別美國人身份特徵、(ii)徵求其美國保單持有人同意披露及(iii)向國稅局匯報該等保單持有人的相關稅務資料。

FATCA適用於富衛及該保單。富衛為參與FFI。富衛致力遵守FATCA。為達此目的，富衛要求閣下遵守以下義務（「資料義務」）：

- (i) 向富衛提供若干資料（如適用），包括閣下的美國身份資料（如姓名、地址、美國聯邦納稅人識別編號等）；及
- (ii) 同意富衛向國稅局匯報本資料及閣下的帳戶資料（如帳戶結餘、利息及股息收入和提款）。

如閣下未能遵守資料義務（成為「不合規帳戶持有人」），富衛須向國稅局匯報未同意遵守規定的美國帳戶的帳戶結餘、付款金額及帳戶號碼的「綜合資訊」。此外，富衛可決定因或擬就FATCA及/或其他有關報稅及預扣稅的適用法規，而終止閣下保單，在此情況下，富衛將於富衛通知閣下終止的日期，向閣下退還戶口價值（但保單內任何欠款將於支付予閣下之款項內扣除）。如僅按上述目的執行終止，則退保收費或任何其他形式罰款均不適用。當決定行使此等終止權利時，富衛將以公平、有誠信及合理的情況下進行。

富衛在若干情況下，可能須就閣下保單所付的款項或自當中產生的款項，徵取FATCA預扣稅。目前，富衛可能須如此行事的僅有情況是：

- (i) 香港稅務局未能根據IGA（及香港與美國之間的有關稅務資訊交流協議）與國稅局交流資訊，在此情況下，富衛可能須從注入閣下保單的可預扣付款中扣去及預扣FATCA預扣稅，並將之匯至國稅局；及
- (ii) 閣下（或任何其他帳戶持有人）是非參與FFI，在此情況下，富衛可能須從注入閣下保單的可預扣付款中扣去及預扣FATCA預扣稅，並將之匯至國稅局。

閣下應就FATCA可能對閣下或閣下保單構成的影響徵求獨立專業意見。

### 說明例子6 身故權益及保險費用

Ann獲批一份**智非凡 II** 保單。

1. Ann於2015年2月1日獲批一份**智非凡 II** 保單。保單的供款年期為10年，最初供款期為24個月，以港幣為保單貨幣，須繳付定期保費為每年18,000港元。
2. 假設於2020年2月1日，
  - a) 所有保費已繳付
  - b) 於2019年1月1日作出部分提款10,000港元
  - c) 總戶口價值為120,000港元

2020年2月1日，Ann的下次生日年齡為30歲。Ann是一位女性。於2020年2月1日至2021年1月31日的保單年期間，保險費用率是每1,000港元淨風險額為0.73港元。

總戶口價值的105%

$$= 105\% \times 120,000 \text{ 港元}$$

$$= 126,000 \text{ 港元}$$

由保單生效日2015年2月1日至2020年2月1日(包括2020年2月1日的定期保費)的總繳付保費

$$= 18,000 \text{ 港元} \times 6$$

$$= 108,000 \text{ 港元}$$

身故權益

$$= \text{以下較高者 (1)總戶口價值的105%或(2)總繳付保費(扣除任何部分提款(如有))}$$

$$= \text{以下較高者 (1)126,000港元或(2)(108,000港元-10,000港元)}$$

$$= 126,000 \text{ 港元}$$

每月保險費用

$$= \text{保險費用率} \div 12 \times \text{淨風險額}$$

$$= \text{保險費用率} \div 12 \times (\text{身故權益} - \text{總戶口價值的100\%})$$

$$= 0.73 \text{ 港元} \div 1,000 \text{ 港元} \div 12 \times (126,000 \text{ 港元} - 100\% \times 120,000 \text{ 港元})$$

$$= 0.365 \text{ 港元}$$

因此，於2020年2月1日，保單的身故權益為126,000港元另0.365港元保險費用將從保單中扣除。

上述例子屬假設並只作舉例說明之用。

### Can I surrender the policy before it matures?

- In view of the long-term nature of the ILAS product, early surrender or withdrawal of the ILAS policy may result in a significant loss of your premium paid. There are surrender / withdrawal charges which may be levied up to 100% of premium paid.

### After I have purchased an ILAS product, can I change my mind?

- You have the right to cancel the policy within the cooling off period and obtain a refund of premium paid less any market value adjustment. The cooling off period is 21 days after the delivery of the policy or issue of a notice by the insurer, whichever is the earlier.

### What is the proper sales process?

- The sales process involves (i) conducting suitability assessment (i.e. starting with Financial Needs Analysis and Risk Profile Questionnaire before product introduction, followed by the intermediary going through the Important Facts Statement with you at the point-of-sale) and (ii) providing you with product information to ensure ILAS is suitable to you and that you understand the features and risks.
- The intermediary must assist you throughout the process. Point-of-sale audio recording may be conducted in the insurer's premises. Otherwise, the staff of the insurer will conduct a post-sale call to protect your interest.
- Please consult your intermediary if you wish to know more about the remuneration that the intermediary may receive in respect of your ILAS policy.

### What should I do if I have any questions or am unsure about my policy?

- Contact your insurance intermediary or the insurer directly.
- Visit the Hong Kong Federation of Insurers' website on "Smart Tips on Investment Linked Assurance Schemes".

**Investment involves risks.**  
 You should not purchase an investment-linked assurance scheme (ILAS) product unless you understand the features, risks and its suitability to your needs.

### What am I buying?

- An ILAS is a long-term investment-cum-life insurance product. It is not suitable to you if you have short- or medium-term liquidity needs.
- Most ILAS products have death benefit linked to the performance of the underlying funds of your selected investment options. But some may pay a "sum assured", or a Critical Illness payment, as specified in the application documents irrespective of the performance of the underlying funds.

### How will my money be invested?

- The premiums you pay may not be fully allocated to your selected investment options depending on how the policy fees and charges are deducted.
- The value of the ILAS policy will be calculated based on the performance of the underlying funds of your selected investment options.

### What are the investment risks?

- The investment options under the ILAS policy can have very different features and risk profiles. Some have high risk of loss of the premium paid.
- You do not have ownership of the underlying assets/funds.

### Is the return guaranteed?

- Investment performance or overall return is not guaranteed.
- The return will depend on the performance of the underlying funds, e.g. bond, equity, and/or money market funds of your selected investment options after deduction of applicable fees and charges.

### How long is the premium payment period?

- Single premium product – one-off payment.
- Regular premium product – a recurring payment for the contracted period of the policy, which can last several years. Make sure you are willing and able to pay premiums for the entire payment term.

### Can I stop premium payment after the policy has been issued?

- There may be a "Premium Holiday" provision to temporarily suspend your regular premium payment but it does not mean that you are only required to make regular premium contributions during the initial period.
- You can stop payment during Premium Holiday; however, it may reduce (or even forfeit) any bonus that you are eligible for and it may attract a penalty.
- During the Premium Holiday, your policy will remain in effect, but fees and charges will remain payable.

### What are the types of fees and charges?

- Most common types are:

Policy Level
Initial Set up / Upfront / Premium Charge
Early Cancellation i.e. Surrender Charge
Insurance Charge
Administration/ Management Charge
Withdrawal Charge

Investment Level
Initial Charge, i.e. Subscription Fee
Investment Management Fee
Fund Switching Fee
Performance Fee
Fund Redemption Charge

Underlying Fund
Management Fee
Performance Fee
Custody and Administration Fee
Trustee Fee

Fees and charges vary from product to product and the above list is not exhaustive. There may be front-end charges or back-end charges which impact the premium amount to be invested in your selected investment options. Please ensure that you fully understand the details of any fees and charges disclosed in the product documents.

### 保單到期前，我可以提取資金嗎？

- 投連壽險產品屬長線投資，提早退保或提取保單款項，可能導致已繳保費出現重大虧損。提早退保或提取保單款項的收費可高達已繳保費之100%。

### 投購投連壽險產品後，我可以改變主意嗎？

- 你有權在冷靜期內取消投連壽險保單，並取回扣除任何市值調整餘下後差額之已繳保費。冷靜期的時段為保單交付或通知書發出後起計的21天，以較先者為準。

### 正式銷售程序為何？

- 整個銷售程序包括：(i) 進行適合性評估(中介人必須為你完成「財務需要分析」及「風險承擔能力問卷」後，才可介紹產品；再由中介人於銷售點與你細閱和講述「重要資料聲明書」)，以及(ii) 提供產品銷售資料，以確保有關投連壽險適合你，而你亦明白其性質及相關風險。
- 中介人必須在整個銷售程序中為你提供協助。中介人可能會安排你於保險公司進行銷售點錄音，否則保險公司職員會進行售後跟進電話服務，以保障你的權益。
- 如欲進一步了解中介人就該投連壽險保單所收取的酬勞，請向你的中介人查詢。

### 如果對保單有任何疑問，應該怎辦？

- 直接向你的保險中介人或保險公司查詢。
- 或請登入香港保險業聯會網頁，參看「投保投資相連壽險計劃精明攻略」，網址 <http://www.hkfi.org.hk/ILAS/index.html>

## 投資涉及風險

除非你了解投資相連壽險產品（「投連壽險」）的性質、風險，以及是否切合你的需要；否則，不應購買投連壽險產品。

## 我付出的錢用來買甚麼？

- 投連壽險是一種長線投資暨人壽保險產品。如果你在短期或中期內需要動用資金，投連壽險並不適合你。
- 大部分投連壽險產品提供的身故賠償，與所選的投資項目的相關基金表現掛鉤，但個別產品或會按投保書註明的保額或危疾保額作出賠償，與相關基金的表現並無關連。

## 我付出的錢將如何用作投資？

- 費用和收費將從你所支付的保費中扣減，因此，你繳付的保費未必全數用於所選的投資項目。
- 投連壽險保單的價值，取決於你所選擇的投資項目的相關基金表現。

## 投資涉及甚麼風險？

- 投連壽險保單的投資項目，其性質及風險程度可能有非常大的差異，部分高風險投資項目或會令已繳保費出現重大虧損。
- 對於投連壽險保單的相關資產／基金，你並沒有任何擁有權。

## 投資回報有保證嗎？

- 投資表現和整體回報是沒有保證的。
- 投資回報（扣除費用和收費後）將取決於所選的投資項目的相關基金表現，例如：債券、股票、及／或貨幣市場基金等。

## 供款年期有多長呢？

- 「整付保費產品」—— 一次性繳付所有保費。
- 「定期供款產品」—— 必須在指定的供款年期內定期繳交保費，供款年期可能長達十數年。請務必確定你願意及有能力在整段供款年期內，定期繳交保費。

## 保單生效後，我可否停止供款？

- 保單的「供款假期」條款讓你可以該期間暫停供款，但並不表示你只需在最初供款期內定期繳付保費。
- 你可以在「供款假期」內暫停供款，但可能會因此而減少、甚至喪失所獲的紅利，並可能需要繳付有關費用。
- 投連壽險保單在「供款假期」內仍然有效，但所有費用及收費仍會繼續從你的保單價值中扣除。

## 有甚麼費用和收費？

- 常見的費用和收費如下：

保單收費	
購買保單的初期費／前期收費／保費費用	
提早取消保單的退保費	
保險費用	
行政／管理所需的雜費	
從保單提取資金所需付的提款費	

投資收費	相關基金收費
初期費，即認購費	管理費
投資管理費用	表現費
轉換投資項目的轉換費	託管費及行政費
投資項目的表現費	信託人費
贖回保單資產的贖回費	

上表只供參考，並未羅列各保險產品所訂的不同費用和收費之金額和名目。或有前期／後期收費會影響用以投資於所選擇的投資項目的保費金額。請確保你充分了解銷售刊物內所載之費用和收費詳情。
